Item #	Qty
7723	100

Tamper Resistant Add-Port Cap

- Restricts access to the additive port on bags
- Positive lock seals once and cannot be reopened
- Non-sterile
- Body: Polypropylene

Item #	Qty	Colour
4858	100	Red
4073	25	Blue

Chemo-Vent® Filtered Venting Needle

- Filtered venting needle designed for use when reconstituting and withdrawing cytotoxic anti-neoplastic agents
- The non-coring needle easily penetrates all stoppers with minimum risk of damage, while the hydrophobic filter maintains asepsis and prevents toxic, aerosolized material from leaving the container during filling
- Red color coding to safely identify use with cytotoxic agents
- 0.2 micron hydrophobic filter
- 20 gauge x 1.5" non-coring, stainless steel needle (non-reactive to agents such as cis-platin)
